# Access Copyright Exclusions List

Created: August 28, 2023

Last Exclusions update: August 10, 2022

This file contains Access Copyright's exclusions, current to the creation date listed above. There are 5 tabs that make up the complete exclusions list: Publishers\_All\_Publications, Publishers\_Genre, Publishers\_Title\_Specific, Authors\_All\_Publications, and Authors\_Title\_Specific. The last exclusions update date can be used to interpret the Exclusion Status column and determine exclusions that have been added, removed, or remained the same. Exclusions that were listed as removed in prior updates will not appear on subsequent lists.

The table below further explains the columns and information available for each tab.

Column Name	Description
Publisher/Author ID	A unique ID is assigned to each publisher or author rights holder. This number does not change, even if an author or publisher name does change.
Publisher/Author Name	Name of the publisher or author rights holder. The name may change between exclusion list updates as our records are updated.
Work Title	For title specific exclusions this column lists the title of the work. When all works from a publisher or author are excluded this column has the value "All Publications"
Genre of Works	The genre of work that a publisher or author has excluded. For example, magazines
ISBN/ISSN	The ISBN or ISSN for the work that is excluded, if available.
Type of Use Excluded	Indicates the use medium that is excluded - print use, digital use, or both print and digital use
Exclusion Status	Indicates if there have been changes to the exclusion since the last Exclusions List update you received. The date of last exclusions update is listed above. The values in this column mean the following: - New = an exclusion has been added since the last exclusions update - Removed = an exclusion has been ended since the last exclusions update - No Change = an exclusion is active and unchanged since the last exclusions update
